Adjust the lighting yourself to your needs and circadian rhythm. Some of our mirrors and mirror cabinets have adjustable light. Adjust brightness and colour temperature from cold to warm on the built-in touch panel.

Choose your washbasin

GET AN OVERVIEW OF THE OPTIONS

GENUINE SANITARY PORCELAIN

Washbasins in genuine porcelain have a strong and easy to clean surface finish. Furthermore the material will remain beautiful for years to come. Due to the glaze the basins in porcelain have gentle, soft shapes and curves adding a touch of luxury.

	60 CM	80 CM	100 CM	100 CM DOUBLE
AZURE Porcelain				
KARAT Porcelain				
AURA Marble cast				
FACET Glass				
MICCA Solid surface				

AZURE / PORCELAIN

Genuine sanitary porcelain
The design is rounded and traditional with a long curved course and a spacious bowl.

KARAT / PORCELAIN

Genuine sanitary porcelain
A timeless and minimalistic washbasin in a modern, slim design with easy lines and good surround.

AURA / MARBLE CAST

Modern designs with sharp, straight edges define the bowl and the straight lines of the counter top.

MARBLE CAST

These washbasins have surfaces that are easy to clean and warm to the touch. The marble cast design allows washbasins with dramatic long lines. Unlike regular marble, solid marble has no internal stress and therefore retains its shape indefinitely.

GLASS

The low iron glass basins are thin and light in their design expression and have highly polished edges completing the look and appearance. The bowl with its soft shapes and curves adds a beautiful contrast to the stringent lines of the basin surround itself.

SOLID SURFACE

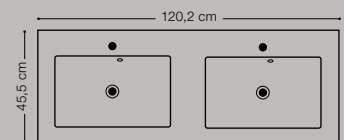

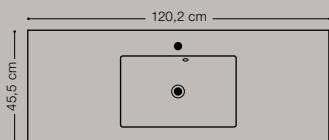

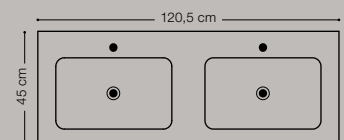

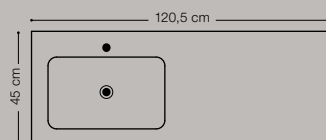

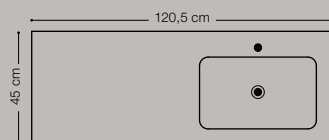

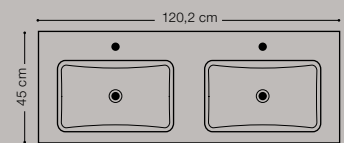

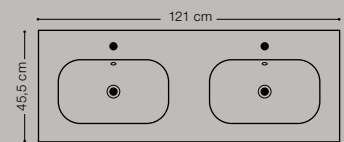

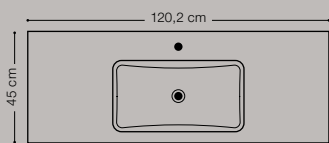

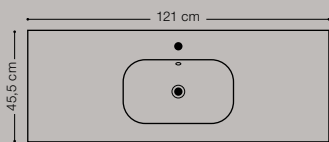

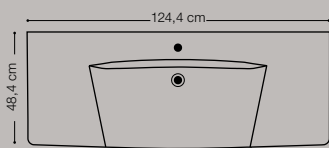

This ultra-slim Solid Surface material has a matt white finish. Unlike the distinctly slim, sharp lines of the exterior design, the washbasin interior has a characteristically soft, easy-to-clean design. The slim format means the washbasin and tabletop must be supported by cabinets under the solid surface tops full width.

120 CM

120 CM RIGHT

120 CM LEFT

120 CM DOUBLE

**FACET / GLASS**

The glass washbasins have a light and thin design with stunningly polished edges as well as a large deep bowl.

**FACET / GLASS LEFT AND RIGHT**

Facet basins also come in left and right versions as well as double basins.

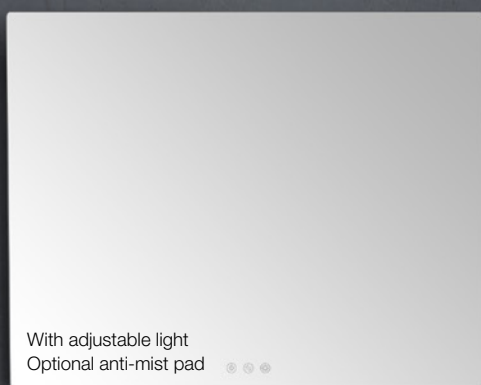

**MICCA /SOLID SURFACE**

The washbasin has a slim, light design and a matt white finish. The deep bowl has rounded corners.

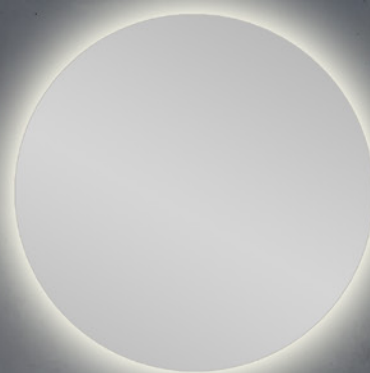

Please note: Facet basins have no overflow, therefore we recommend to use either a free-flowing basin waste or concealed overflow waste.

Choose a mirror solution and lighting

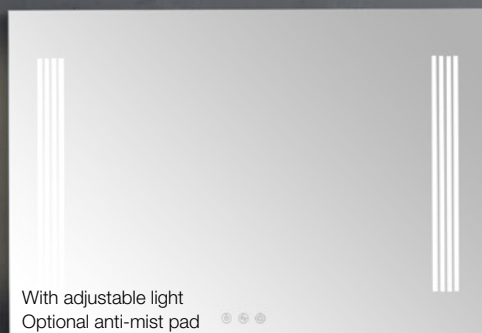

Find precisely the right mirror solution for your bathroom. All lighting is energy efficient and has a long working life. All mirrors are also IP44 approved, so they are especially suitable for bathrooms.

Mirror with softly curved corners. Additional lighting options, Venus, Jupiter or Stratos LED-lights. Widths 60, 80, 100, 120 cm

Circular LED back-lit mirror
Ø 75, 90 cm

Mirror with integrated vertical LED illumination.
Width 60, 80, 100, 120 cm

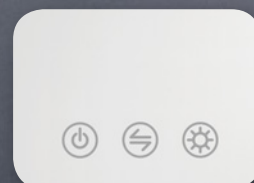

Solo mirror with integrated LED lighting. Can be fitted in any direction.

MIRRORS

Selected mirrors have an optional anti-mist pad - that assists in keeping the mirror from steaming up. Prices from 49.-

Many mirrors and mirror cabinets have a built-in adjustable light system, so you can control the light temperature and brightness with a touch-switch. You can adapt the lighting to your own needs and circadian rhythm.

MIRROR CABINETS

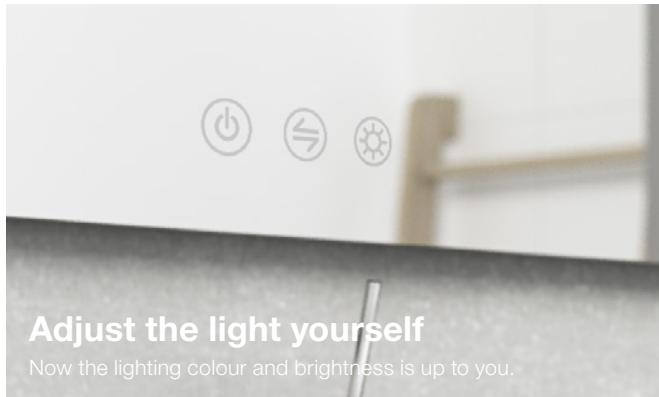

A mirror cabinet provide you with ample benefits like:

- Extra storage space
- A practical shaver point inside the cabinet
- Extra accessories like a magnifying mirror, magnetic strip and metal shelf with selected models
- Movable glass shelves
- Soft close doors and mirrors on both sides
- Strong, adjustable metal clip hinges for perfect installation, so doors open and shut smoothly

Mirror cabinets with functional accessories

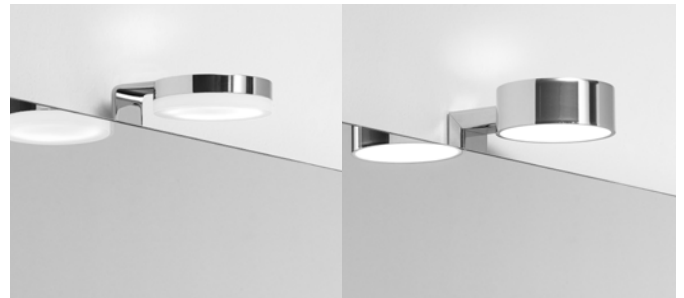

In the Delta range you can choose from a variety of designs each with its own individual expression. The mirror cabinets come with a practical internal shaver point. The double sided mirror doors are adjustable and come equipped with soft close for easy everyday use. Please note our mirror cabinets are IP44 approved and suitable for installation in the bathroom.

Adjust the light yourself

Now the lighting colour and brightness is up to you.

Lights for your mirror solution

Choose between three individual external light designs, all with high quality light and colour reproduction.

Superb accessories

The mirror cabinets come with a magnifying mirror, movable hanging metal shelf, and a magnetic rail for your scissors and nail file etc.

A neat little detail

Concealed recessed handle in the mirror cabinet. You can also fit the accompanying chrome handles.

Possibilities galore...

Practical
behind the
door

With Delta you can choose from numerous styles of storage options. Ranging from base units to wall cabinets as well as full array of tall cupboards mirror fronts or colour matched fronts. Easy access to the things you need when you want them.

Tall
cupboard
with oak trays
on the rear of
the door

...and full overview

Wide cabinet with full length door. Internal glass shelves and handy oak trays and baskets.

Arrange the internal shelves as you require to make room for all your bathroom essentials like towels, creams, shampoos and the like. Each in the allocated space where everyone can find them, when needed.

Choose accessories and lighting

Extra comfort with elegant, functional accessories and lighting that makes a difference.

Tidy and easy to find

Functional solid oak drawer dividers that fit neatly into the top drawer.

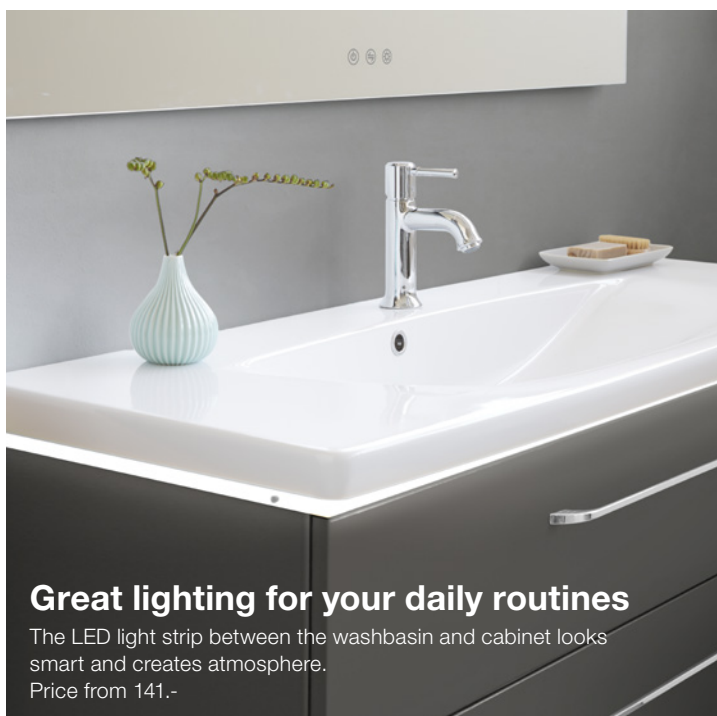

Price from 31.-

On the right shelf

Decorative storage space on shelves with concealed hanging fixtures, so you can vary the arrangement.

Price from 50.-

Great lighting for your daily routines

The LED light strip between the washbasin and cabinet looks smart and creates atmosphere.

Price from 141.-

Delta product information

SOLID SURFACE WASHBASINS AND TABLETOPS

Solid Surface washbasins and tabletops are made from a robust composite material with a waterproof surface that is easy to clean. Separate cabinets with an extra reinforcement made of strong lacquered steel profile must be selected for Solid Surface washbasins and tabletops to support the slim design.

Please note: The slim washbasin design means the washbasin and tabletop must be supported by cabinets under the unit's full breadth.

PORCELAIN WASHBASINS

Delta porcelain washbasins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

GLASS WASHBASIN

Delta glass washbasins are easy to clean and resistant to normal cleaning agents. The basins have white lacquer on the underside and are produced in a special crystal clear glass finish with a much clearer appearance than standard glass due to less iron oxides in the glass itself.

PLEASE NOTE CONCERNING FACET BASINS

These basins come without overflow. Unless a concealed overflow system is purchased we recommend that a free flowing waste should be installed.

MARBLE CAST WASHBASINS

The marble cast washbasins are made from mineral powder, polyester and binding agents. The washbasins are cast in solid moulds and surfacetreated with a clear gelcoat. For cleaning, we recommend Clean & Shine (See price list)

CABINETS/VANITY UNITS

16 mm plain, melamine-coated particle board with ABS edges. Rear panels and base panels are alu finish, and come rigid with adjustable hanging brackets. Tall cupboards, wall units and base units come with 5mm polished edge glass shelves you can place where required inside the furniture. A variety of additional accessories can be purchased individually to suit. This includes lighting profiles, oak trays and organisers, as well as baskets and laundry bags. (See price list)

DOORS AND FRONTS

18 mm MDF wood fibre boards coated with foil and 16 + 3 mm MDF wood fibreboard coated with foil on frame. All doors are fitted with metal clip hinges that can be adjusted in 3 directions. The doors are fitted with exclusive dampers that ensure that the doors close softly and silently.

DRAWERS

The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Optional extras such as LED light profiles between washbasin and cabinet, rubber mats in drawers, wooden trays and handles. For more information on optional extras, please see the price list.

FLOATING SHELVES

The Floating shelves feature a concealed fixing system that allows for a truly elegant and light design. The shelf fixings are adjustable to form a perfect finish.

MIRRORS WITH DIFFERENT LIGHT SOURCES

The mirrors are available with integrated LED lighting, or with different external lights. All mirrors are delivered together with wall fittings. Optional extras such as heat panels to reduce mist on the mirror can be purchased for selected models. For further information about electrical specifications, optional extras and IP approvals see the price list and from page 143.

MIRROR CABINETS

All mirror cabinets come as standard with integrated shaver point and pull cord switch and double-sided mirror doors with adjustable hinges and dampers that ensure that the doors close softly and silently. Tops, bases and rear panels are in alu look finish. Our mirror cabinets come with either a recess for easy opening of the doors or some are supplied with optional Chrome plated handles that you can decide to fit or not. For further information about accessories and IP ratings etc please see the price list section as well page 143

Mirrors and mirror cabinets with adjustable light come with the 12 V lighting system that offers you the following options:

1. Light control that remembers the last settings.
 - On-off function
 - Variable dimming with 4 pre-sets
 - Variable colour temperature control of your light (2100 – 6500 K)* with 4 pre-sets
2. Excellent colour rendering (Ra 90+)

*) 2100K is a very warm, almost reddish light and 6500K is far colder, almost bluish.

BASKET

Sturdy wicker baskets in natural wicker built around a powder-lacquered steel frame.

TRAYS

Functional storage trays for drawers, which can also be moved elsewhere as required. The trays are made of solid oak. To maintain the wood we recommend our white pigmentation wood care-oil. Shown in the pricelist section.

HANDLES

We supply a chrome handle with all cabinets as standard. This is included in the price shown. Delta comprises a number of different handles that you can order separately to create the look that is truly your choice.

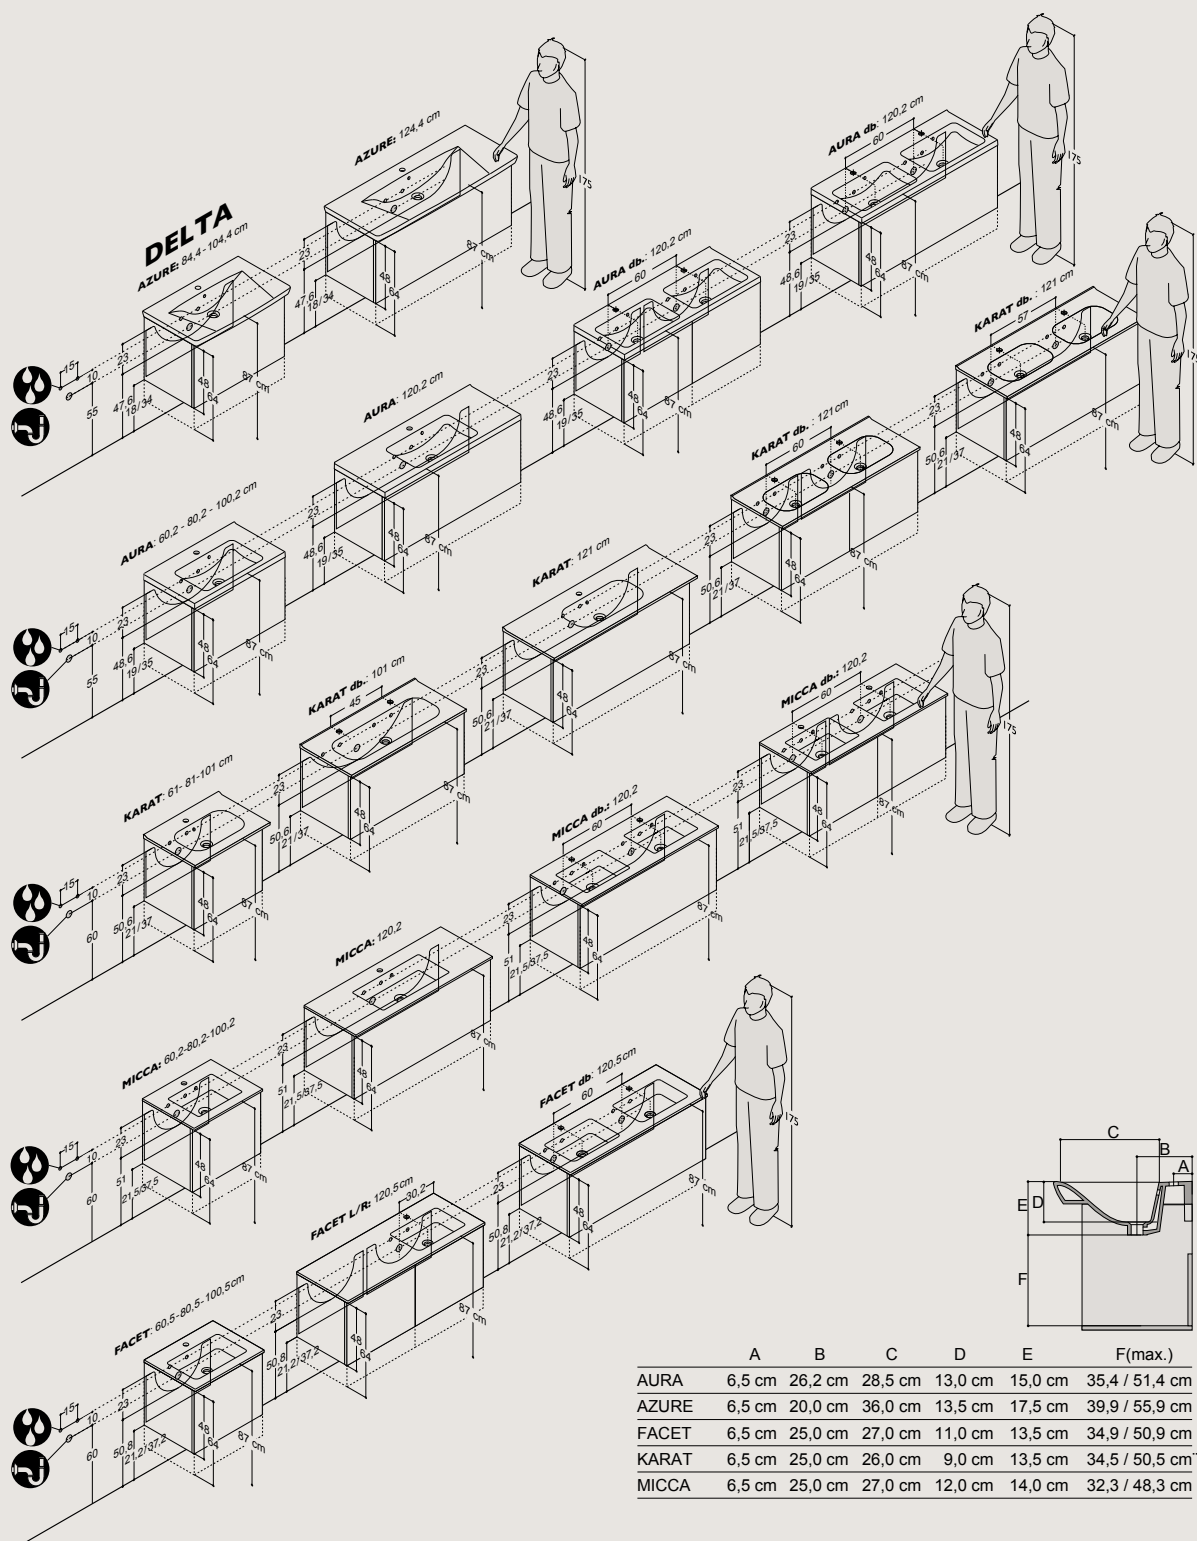

FITTING INSTRUCTIONS

Are included with every order.

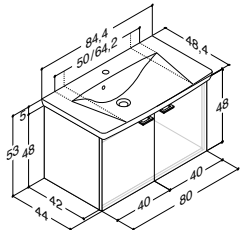

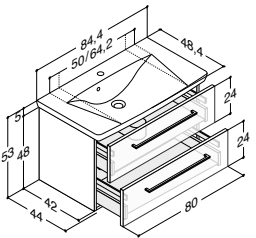

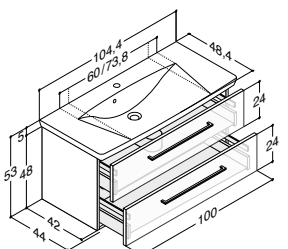

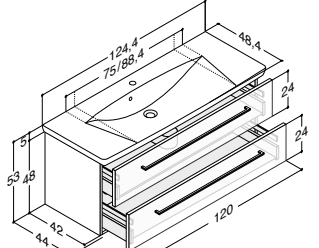

WARRANTY

There is a 5 year warranty against manufacturing defects. Regarding quality and tolerances - please visit www.dansani.co.uk for further information.

Choose between 8 different mirror solutions
with energy efficient LED light

Fittings for all bathrooms,
from the small shower
room to the grandest
family bathroom

6 washbasin designs in
real sanitary porcelain or
marble cast

Make extra space with 5
different cabinet solutions

Choose drawers
or doors – both
with soft-close

Choice of 4 colours with
different surfaces

Adapt the vanity unit
to the bathroom with 6
widths and 3 depths

Multo+

SELECT BETWEEN CLASSIC AND CONTEMPORARY FURNITURE SETS IN VARIOUS SIZES

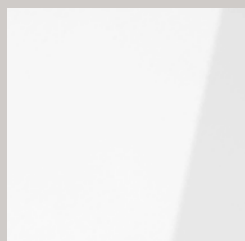

Our Multo+ range offers a multitude of quality furniture at attractive prices. Matching vanity units and washbasins in many different sizes and designs. Available as SMALL, MEDIUM and LARGE washbasins in 37, 45 and 50 cm vanity depths. In the medium category you can also choose a double washbasin. Choose doors or drawers for all types of wallhung vanity units in four finishes incl. a limited range of floor standing solutions with drawers.

Multo+ also includes smart and functional mirrors and mirror cabinet solutions with energy-saving LED lighting in integrated light panels or from external lamps. Several mirror solutions have adjustable light, so you can select brightness and colour temperature with an integrated touch panel.

Multo+ lives up to its name – and your expectations.

5 year
warranty

White elm

New

All cabinets are available in four popular colours that are particularly suited for bathrooms. All cabinets are supplied with standard handles in two lengths, depending on cabinet width.

Choose vanity unit

Do you prefer doors, or drawers in metal or wood?

Doors

Choosing doors gives you:

- Plenty of shelf space
- Soft close
- Solid metal clip hinges to ensure firm opening and closing – every time
- Perfect fit, with 3-way adjustable hinges

Metal drawers

When choosing drawers with metal sides, you get:

- The increased stability of metal drawers
- A perfect result with drawers adjustable in three directions – even if the wall is not perfectly even
- Integrated drawer runners, so drawers pull out perfectly smoothly
- Drawers that are easy to fit and remove
- Drawers that can take a load up to 40 kg
- A metal-covered cut-out for waste fittings in the top drawer, to ensure optimal use of space

Wooden drawers

When choosing drawers with wooden sides, you get:

- Solid drawers with wooden frame, melamine base and fitted front
- Drawers that withstand a maximum load of 20-30 kg depending on depth and size
- A cut-out for waste fittings in the top drawer, to ensure optimal use of space
- A practical, easy-to-clean plastic space divider to keep small things tidy
- A comfortable gliding movement on metal rails when drawers are opened. Two-way adjustable (up and down)

Choose a washbasin

GET AN OVERVIEW OF THE OPTIONS

There are many sizes to allow you to decide how you will make use of space in the room, and how much storage space you want under the washbasin.

All washbasins are designed by our own designers and manufactured in hard-wearing materials that are easy to clean.

	50 CM	60 CM	80 CM
SMALL WASHBASINS Vanity depth 35 cm, pages 82-93			
UNO Marble cast			
LUDO Marble cast			
LOTTO Sanitary porcelain			
MEDIUM WASHBASINS Vanity depth 44 cm, pages 94-103			
MIKADO Marble cast			
LOTTO XL Sanitary porcelain			
LARGE WASHBASINS Vanity depth 49 cm, pages 104-109			
SIMONE Sanitary porcelain			

UNO / MARBLE CAST

Contemporary washbasin, spacious bowl and short projection in a stringent, geometric design.

LUDO / MARBLE CAST

Asymmetrical washbasin in a unique, slim design. Spacious bowl and good surround space.

LOTTO / PORCELAIN

Traditional washbasin in a soft, rounded design with a spacious bowl.

PORCELAIN

A real sanitary porcelain washbasin is robust and easy to clean. It will retain its beautiful appearance for years to come. Our washbasins have soft rounded edges and lines. Please note that genuine sanitary porcelain has a much stronger surface than ordinary porcelain.

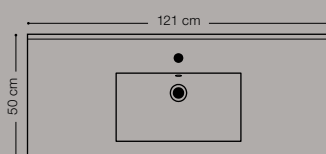

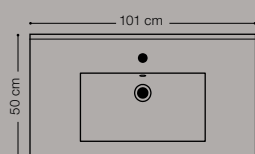

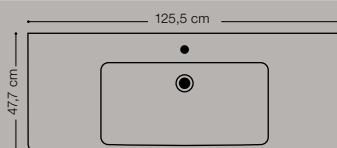

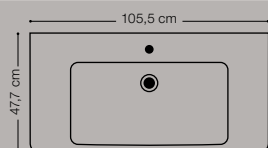

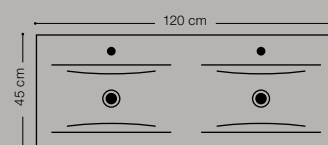

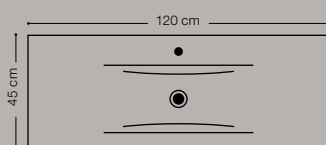

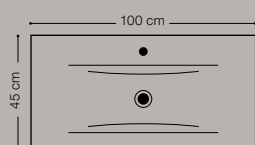

MARBLE CAST

Marble cast washbasins have surfaces that are easy to clean and warm to the touch. We design attractive marble cast washbasins with long lines and sharp edges combined with soft pleasant curves.

100 CM

120 CM

120 CM DOUBLE

**MIKADO / MARBLE CAST**

Classic washbasin in a sleek, timeless design. Deep table top and spacious bowl. Available in both single- and double bowl version.

**LOTTO XL / PORCELAIN**

Conventional washbasin in a soft, rounded design with ample surround and spacious bowl.

**SIMONE / PORCELAIN**

Simone sanitary porcelain. Large washbasin in a timeless, minimalist design combining a thin, straight design with a concise geometric bowl.

Choose a mirror solution and lighting

With a Dansani Multo+ mirror solution, you know you have:

- Energy-efficient LED lighting with a long lifetime
- Safe installation of mirrors and cabinets which are IP44 approved for wet rooms.

MIRRORS

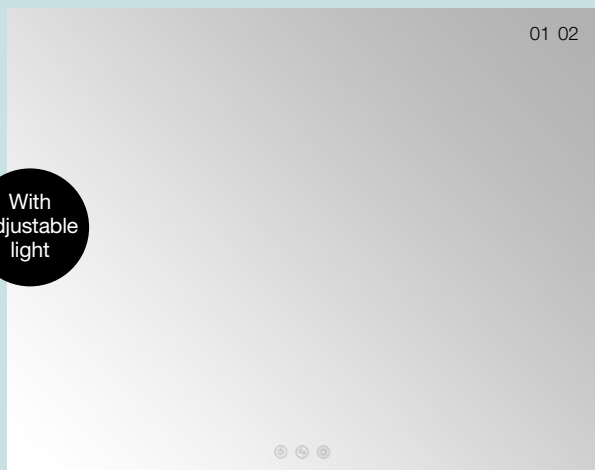

You can choose a mirror with a heated panel, so that the mirror does not steam up while you are in the bath.

Prices from £ 49.-

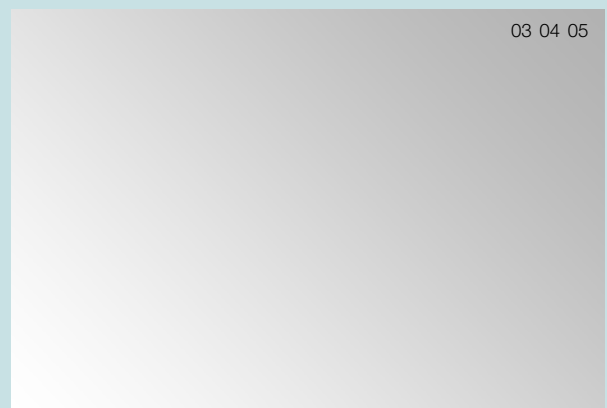

MIRROR CABINETS

A mirror cabinet provide you with ample benefits like:

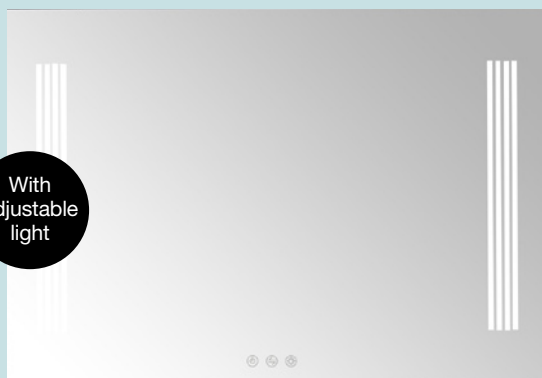

- Extra storage space
- A practical shaver point inside the cabinet
- Movable glass shelves
- Soft-close doors and mirrors on both sides
- Strong, adjustable metal clip hinges for perfect installation, with smooth door opening and shutting

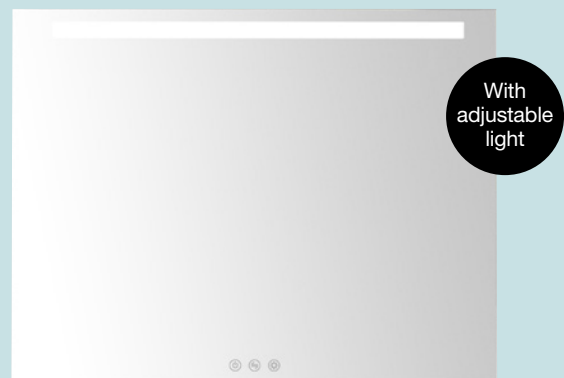

Mirror without lighting. Choose between Plano or Jupiter lights.
Available in widths 50 / 60 / 80 / 100 / 120

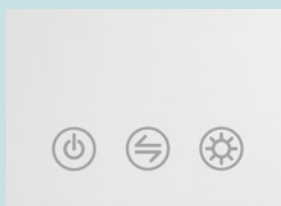

Mirror without lighting. Choose between Libra, Vela or Aquila lights.
Available in widths 50 / 60 / 80 / 100 / 120

Mirror with integrated LED light panels. The light effect from both sides gives you a good working light for applying make-up, for example. Available in widths 50 / 60 / 80 / 100 / 120

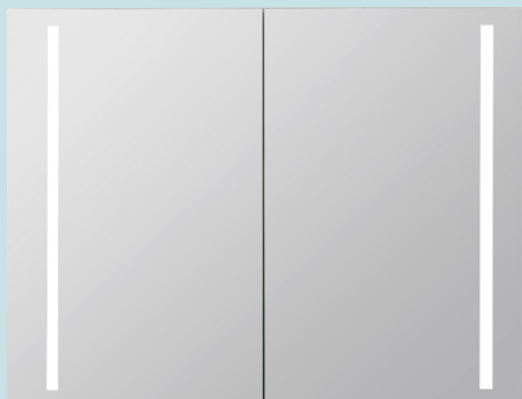

Mirror with integrated LED light panel at the top, which gives excellent mirror lighting.
Available in widths 50 / 60 / 80 / 100 / 120

Some of the mirror solutions have adjustable light, so that you can adjust the brightness and colour temperature from warm to cold light on a built-in touch switch.

The touch switch is on the shaver point inside the mirror cabinet with adjustable light.

Mirror cabinet with integrated LED lighting in the doors. The light has a decorative effect.

Available in widths 50 / 60 / 80 / 100 / 120

Mirror cabinet with wide LED lighting panels at the top along the entire width of the cabinet. Here, you get efficient lighting both inside the cabinet and in front of the mirror.

Available in widths 50 / 60 / 80 / 100 / 120

Mirror cabinet without lighting.

Choose between Plano or Jupiter lights.

Available in widths 50 / 60 / 80 / 100 / 120

Mirror cabinet without lighting.

Choose between Libra, Vela or Aquila lights.

Available in widths 50 / 60 / 80 / 100 / 120

PLANO

Provides excellent work lighting right across the width of the mirror or mirror cabinet.

JUPITER

For optimal work lighting down over the mirror or mirror cabinet.

LIBRA

Provides clear, comfortable work lighting by concentrating light over the mirror or mirror

VELA

Good work light, and also creates atmosphere with warm, gentle light around the mirror or mirror cabinet.

AQUILA

Provides decorative and soft, comfortable lighting centred at the top of the mirror or mirror cabinet.

Choose extra cabinets and accessories

All tall cabinets are supplied with 4 stable, movable glass shelves and a fixed wooden shelf.

TALL CABINET, 30 CM WITH ONE DOOR

Tidy everything away behind the full-sized door, and see it all when you open the cabinet.

Price 361.-

TALL CABINET, 30 CM WITH TWO DOORS

Tidy your things away behind two doors. Use the open middle section decoratively or for instant access to the things you use most.

Price 361.-

TALL CABINET, 30 CM WITH THREE DOORS

Organise your things tidily behind three smaller doors.

Price 404.-

Dimmable decorative LED light between the washbasin and cabinet. With touch switch.
Price from 126.-

Keep the washing tidy in a removable wire laundry basket in the tall cabinet.
Price from 42.-

TALL CABINET, 40 CM WIDE

Extra storage space, with smaller things neatly organised on three integrated shelves on the inner side of the door.
Price 448.-

WALL CABINET

Wall cabinets make use of space over the toilet or a radiator.
You can easily place them side by side.
Price 218.-

Multo+ product information

PORCELAIN WASHBASINS

Multo+ porcelain washbasins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

MARBLE CAST WASHBASINS

The marble cast washbasins are made from mineral powder, polyester and binding agents. The washbasins are cast in solid moulds and surface-treated with a clear gelcoat. For cleaning, we recommend Clean & Shine.

CABINETS

16 mm melamine-coated particle board with melamine edging depending on the finish. Cabinets are shipped fully assembled, including rear panels and adjustment brackets for wall mounting. The vanity units come with alu-coloured top and base, rear panel and shelves. Tall cabinets and wall cabinets come with white rear panels for white cabinets, aluminium-coloured rear panels for other finishes and 5 mm glass shelves with polished edges. All cabinets come with stylish chrome handles.

DOORS AND FRONTS

18 mm film-coated MDF board for high-gloss white cabinets. Other finishes are available with 19 mm melamine-coated particle board fronts with ABS edges. All doors are fitted with metal clip-on hinges, adjustable in three directions. The doors are fitted with dampers to ensure a soft and silent close.

DRAWERS

We offer two types of drawers:

1. A stylish drawer with integrated draw pull and metal sides. This drawer also offers full extension and self-closing dampers for a comfortable close. It can be adjusted in three directions and has a maximum load of 40 kg. The top vanity drawer features a cut-out for waste fittings.

2. A solid wooden drawer with full extension and self-closing dampers to ensure a smooth and silent close. The drawer runners are located below the drawer-box and are adjustable up and down. The top drawer of the vanity comes with a plastic divider for keeping small items tidy and handy. Maximum loads are 15 kg for the top drawer and 20 kg for the bottom drawer. The top vanity drawer features a cut-out for waste fittings.

MIRRORS WITH DIFFERENT LIGHT SOURCES

Mirrors are available with integrated LED lighting or without lighting with the option of adding various external LED lights. Wall brackets are included with all mirrors. Mirror anti-mist pads to help eliminate steam build-up are also available. For further information about electrical specifications, optional items and IP approvals, please see the price list and page 143.

MIRROR CABINETS

All mirror cabinets come as standard with integrated shaver point and switch, double-sided mirror doors with adjustable hinges and dampers that ensure that the doors close softly and silently. Tops, bases and rear panels are alu-look-finished. Various LED lights for mirror cabinets without lighting are also available. For further information about electrical specifications, optional items and IP approvals, please see the price list and page 143.

Mirrors and mirror cabinets with adjustable light come with the 12 V lighting system that offers you the following options:

1. Light control that remembers the last settings.
 - On-off function
 - Variable dimming with 4 pre-sets
 - Variable colour temperature control of your light (2100 – 6500 K)* with 4 pre-sets
2. Excellent colour rendering (Ra 90+)

*) 2100K is a very warm, almost reddish light and 6500K is far colder, almost bluish.

FITTING INSTRUCTIONS

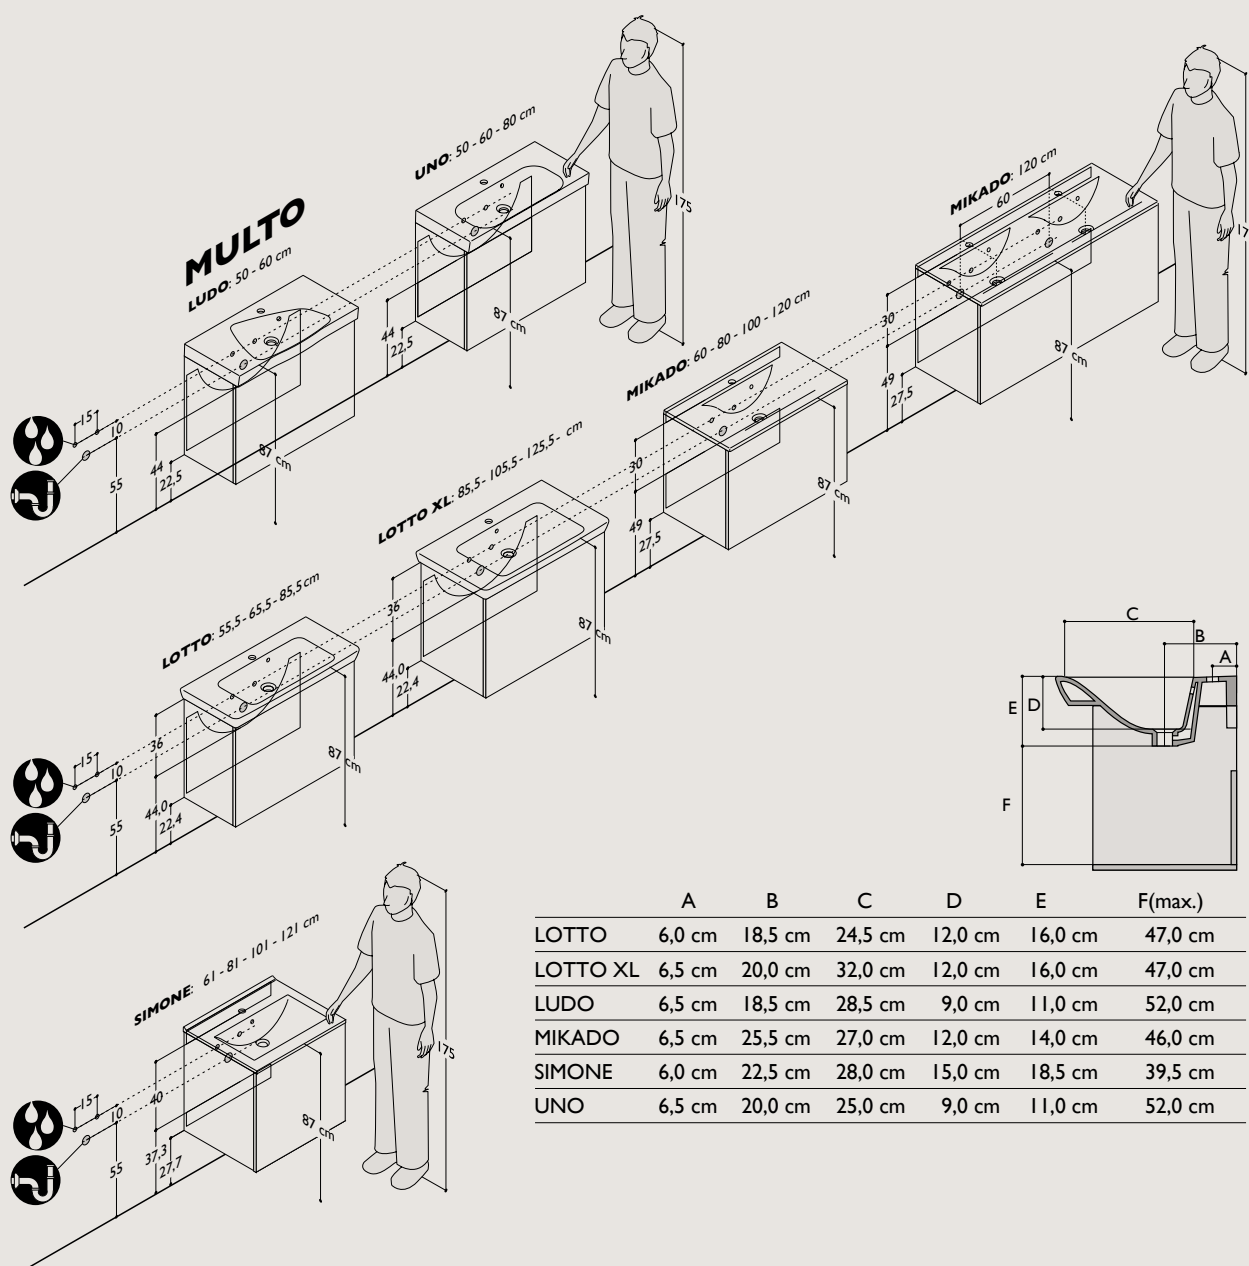

Are included with every order.

WARRANTY

There is a 5 year warranty against manufacturing defects.

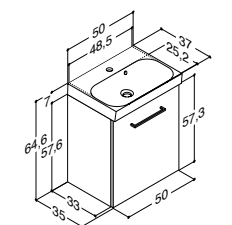

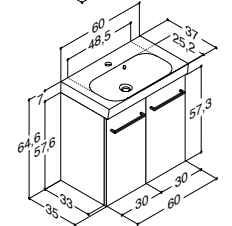

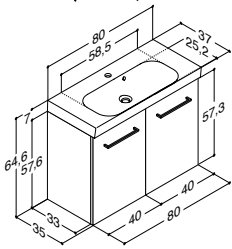

Regarding quality and tolerances - please visit www.dansani.co.uk for further information.

Furniture pack	BMB-0318	920.-
Mirror cabinet	SP-6180-GB	672.-

The elegant mirror cabinets have white luxurious glass panels on the gables
The energy efficient Libra LED light is of course IP44 approved.

The 80 cm vanity units come with 2 soft closing doors below the basin and
a practical pull out drawer with acrylic organizer and support rail.

The innovative asymmetrical ICE glass washbasin is designed with ample surround space for all your personal essentials. Comes complete with a free-flow chrome basin waste.

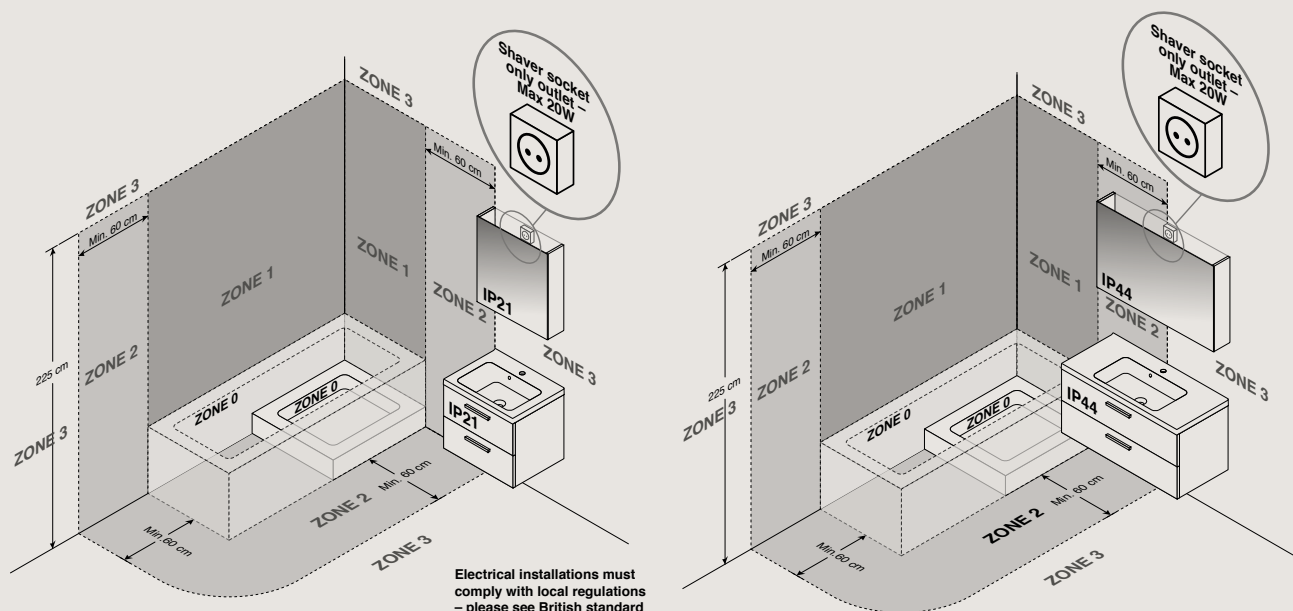

Dansani a safe choice / your guarantee

Special requirements apply to electrical installations in your bathroom, as water may conduct electricity and cause electrical shocks. Depending on where in the bathroom you want your lighting or furniture with electrical components (shaver point or light), there are special requirements to the IP classification of the product. The IP code is an international standard that indicates the degree of protection provided against water and other foreign bodies. The first digit indicates the degree of protection against dust while the second digit indicates the degree of protection against ingress of water.

At Dansani your safety is our priority. All the electrical parts in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water whilst retaining all the storage space you need.

The following illustrations show how furniture with electrical components can be placed in bathrooms with a bath tub or shower. Naturally, a sufficient shower screen should always be used to prevent moisture damage to your furniture. For more information, see "Products" at www.dansani.co.uk.

- Zone 0:** The wettest part of the bathroom, i.e. the inside of the bath tub or the base of the shower, if applicable. There are strict requirements to electrical installations in this area. Always ask an authorised electrician.
- Zone 1:** From the outside of the bath tub or shower base to 2.25 m vertically above floor level. No mirrors or furniture with electrical components may be installed in this area.
- Zone 2:** A limited area covering a radius of 60 cm from the outside of the bath tub or shower base and areas more than 2.25 m above floor level. A minimum of IP44 classification is required in this area, and no 230V power points are permitted. Dansani has a range of IP44 mirrors that can be placed throughout zone 2, while IP44-approved mirror cabinets and washstands with shaver points can be placed in both zones provided the actual shaver point is placed in zone 3.
- Zone 3:** The rest of the room. This zone requires IP20 as a minimum, and 230V power points are permitted.

Our price lists show the IP classification of individual mirrors and mirror cabinets (IP21 or IP44). All our furniture with electrical components is also CE-certified with indication of classification. We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

Our philosophy

Your bathroom is your personal breathing space, and no one can create it better than yourself. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are both practical and durable.

Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

Sustainability

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. But we also focus on our own work environment, and that our suppliers offer ethically responsible working conditions.
