## Did you know that

- good lighting means better quality of life
- putting on make-up and shaving are much easier in good lighting
- your circadian rhythm is affected less with the right lighting

CE

# Well-being and harmony with correct lighting /

Light plays a vital role when it comes to our health and well-being, and it has been scientifically proven that good lighting increases our quality of life. Therefore, we ought to be critical and quality-conscious when we select lighting for our homes. Because artificial light is not always good illumination.

## A comfortable colour temperature and a high level of colour representation

Basically, it is all about finding a comfortable light, as close as possible to sunlight, so that the colours of materials and people are reproduced in a varied and natural way.

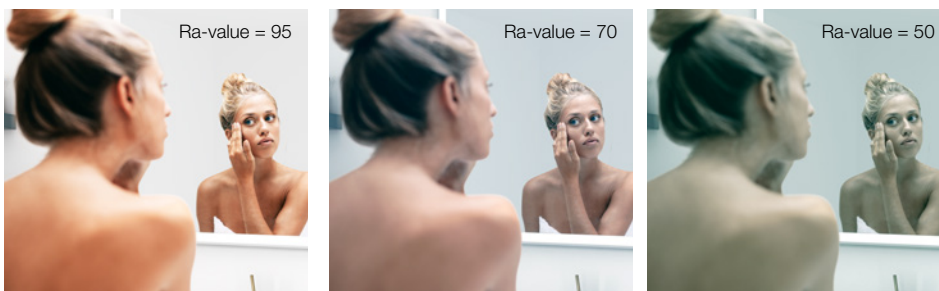

At Dansani, we focus on offering our customers well-being and contributing to a good indoor climate, and that is why we deliver products with LED lighting of the highest possible quality. If you go for a mirror solution with light adjustment function, you can adjust the lighting in your bathroom according to your needs and circadian rhythm. The mirrors and mirror cabinets from Dansani have an integrated touch panel with an on-/off-function, a dimming function as well as light adjustment function from warm and golden to the coldest white light. With a Ra value of more than 90, you get a very high level of colour representation for all colours in the range. Amongst other things, this means that red colours and skin tones are reproduced correctly which is important when you apply your makeup, for example.

## Homogeneous light

If you buy your lighting from Dansani, you do not need to worry about quality and colours of the light. Our LED light fittings are sorted applying high quality levels, that ensures that all LEDs in your lamps emit a homogeneous light and offer the same correct colour reproduction, no matter the lamp model and position.

## Illuminate the entire room

With the lighting collections from Dansani, you can create unique coherence throughout the bathroom interior design by using ceiling spots, wall lamps and pendants that match the light fittings in your mirror solution. All our lamps are designed for the bathroom and they are approved for use in wet rooms in accordance with the standard IP44.

On the photos above, you can clearly see the difference in colour reproduction with a Ra value of 95, 70 and 50, respectively.

## VANITY UNITS

# The question is not, how big are your dreams? But rather how wide they are

Your dreams are individual to you. We have taken this into consideration with Dansani Zaro. The vanity units are modular and start from widths of 40 cm and continue in 20 cm intervals up to 120 cm. However the possibilities do not stop here. The single modules can be combined endlessly, to make it as large as you wish, or to fit whatever space you have to play with.

## FINISHES

# Personal style demands unique solutions - "I live here"

The surfaces in Dansani Zaro are either in exclusive "rubber feel" lac resin (in the colours black and grey), matt white lacquer or genuine wood veneer. The veneer surface is available in the decors brushed walnut and driftwood, and has overveneered edges in solid wood to create extensive strength and resistibility in a moist environment. The unique characteristics of the series is the integrated handle turned upwards, so that water and dust cannot accumulate. In addition, there is no visible wear from nails after years use..

Dansani is synonymous with long-lasting quality, and we therefore offer 5 years manufacturers warranty against product defects.

## + Furnishing tip /

Lighting inside the cabinet provides a beautiful and effective end result.

## Small yet perfectly proportioned

With the small Micro Menuet washbasin with a depth of only 27 cm you create storage space in even the smallest cloakroom or guest toilet with limited space. The washbasin is turnable so you can place the basin mixer either left or right to suit you space, however small and limited.

## Don't be limited by lack of space

The Dansani Zaro washbasin and mirror solutions product range in widths of 40 and 60 cm is ideal for bathrooms where space is a little restricted, fortunately small does not mean fewer options. For example, using a sensibly placed cabinet you can easily create more space. The spacious 35 cm wide cabinet is smart and functional with the option of using wooden trays and a laundry bag. The beautiful interior LED lights in your tall cabinet and wall cabinet give you the final picture. Simply select built-in lights for the cabinet, which are built-in opposite the hinge so as not to dazzle you.

## Worktop solutions and sit on washbasins

A worktop solution is a flexible furnishing option, allowing you to see a room's shape as an opportunity rather than a limitation. You can also choose single- or double-washbasin solutions and even an asymmetric washbasin position. Without a washbasin, the worktop completes a beautiful piece of furniture.

The slim, light Solid Surface worktop creates a perfect finish for your furniture, regardless of whether you choose a dark wood grain or a matt white cabinet shade. For your worktop, you can choose one or two of the new worktop washbasins whose sleek, slim Solid Surface design is repeated in the thin edges to create a light, spacious look.

Both the oval, romantic Sonate washbasin and the square, stringent Marcato washbasin are designed in keeping with contemporary trends while also meeting our demand for functionality and durability.

Supplement with a Saturn wall lamp, which does not only give a good working light, but it also disperses comfortable light up the wall.

Add exciting lighting effects to cabinets and drawers.

## Let the light emerge

With lighting you can create a delightful atmosphere in your bathroom. Lighting under the washbasin or in drawers gives a beautiful atmospheric warmth and also a practical element. Add an extra touch of ambience with built-in lighting below the vanity unit. Furthermore we offer internal lights for tall cabinets and wall cabinets that gives you both beautiful lighting and perspective. Price £ 194,-. See more in the price list.

**Remember also to maximise the use of your cabinets and drawers with the exclusive wooden trays that are also stackable.**

## Not so deep - quite smart anyhow

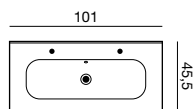

Dansani Zaro washbasin cabinets are available in depths from 44,5 cm down to 26,5 cm. Choose the least depth if you have a narrow bathroom. This allows you to utilise the limitations of the space to your advantage. You gain more freedom of movement, while the surprisingly spacious drawers will arrange both your large and small items. For small or narrow spaces two wall cabinets are placed one on top of each other, which is also a smart alternative to a deep tall cabinet.

## Small with big potential

Even if you only have 100 cm to play with, a number of different washbasin models are available. Even if there are several people who are to share space in the bathroom, we have the solution. With the Kantate washbasin in real sanitary porcelain and a single large bowl you can have a double washbasin in a relatively small area. If you would like a washbasin with only a single bowl, we have a wide range of different models and materials.

**See our extensive range of single and double washbasins in the washbasin guide on page 72.**

The handmade, reversible frame mirrors are faced with silver leaf and have an integrated LED lighting panel, which produces an attractive light.

**NEW**

## Peace and harmony

---

Create peace in the bathroom, with order and over-viewable functionality. The straight lines of the Canto basin matches the handle free fronts on the vanity, and invites you to an almost zen-like bathroom experience. The minimalistic style is underlined by the rectangular shape of the Stratos light above the mirror with softly curved corners.

## + Furnishing tip /

Utilise the space under sloping ceilings with an asymmetrical washbasin and narrow cabinets.

## Offbeat harmony

Sloping ceilings should not stop you creating your dream bathroom. The asymmetrical mirror, the right-handed washbasin, also available left-handed, with loads of storage space, the option of our wall cabinets fitted lower down on the wall and practical drawers arranged to function make the bathroom an unbelievably calm and spacious area. All of these ingenious solutions give room for more than one person, creating a less cluttered working area and cleaner usage of your limited space. For example, the space under gable roofs is used for narrow cabinets.

The Solo mirror, which can be turned and mounted at any angle you desire, follows the lines of the wall and also features built-in LED lighting that gives a pleasant lighting effect.

## Light, simple and wafer-thin design

---

The new slim Minore washbasin has a deep, functional bowl with rounded corners. It is available in several widths, with one or two bowls, and the bowl size increases with the width of the washstand. Only 15 mm thick, the slim worktop gives an elegant, minimalist expression.

## Space for one or two does not necessarily mean that you need to extend your bathroom

Flexibility is the keyword when furnishing your bathroom, and the more options the better. According to the width of the washbasin you can install both a single and double washbasin. The look of the room itself can be created using different materials such as Dansani Zaro's driftwood in European oak veneer. The material is surface treated to make the beautiful veins in the wood stand out clearly. Or the black rubber lacquer that has a fantastic touch-friendly surface with velvety depth.

See our washbasin guide on page 72.

## For those who love to spread out

---

If its space that you need this stand alone 160 cm long porcelain washbasin is the ideal solution. Drawers and cabinets are beautifully crafted walnut veneer that really allows the structure to present itself. Ingenious boxes of solid oak allow you to make optimum use of the drawers. Dampers ensure that the drawers close softly, and all drawers in the range come as standard with an anthracite non-slip rubber inlay.

## Perfect for sloping ceilings

If the room has its limitations, you can place the washbasin asymmetrically to make use of space in an optimal solution. The round mirror with integrated LED lighting and Corona effect stands out in the crowd. At the same time, the background lighting creates a fine atmosphere in a design style that harmonises with the Sonate washbasin.

OPTIONS

## WASHBASINS

### It starts with a dream / Just dream big or small

Dansani Zaro offers you 8 different washbasins with various widths and depths. This means you can begin your new bathroom with the exact washbasin that suits your taste and continue with the dream.

**Andante** / Genuine sanitary porcelain  
The design is rounded and traditional with a long curved course and a spacious bowl.

**Menuet** / Genuine sanitary porcelain  
Modern classics in a timeless design. Available in several sizes and in particular Micro and Mini are well-suited to smaller bathrooms

**Kantate** / Genuine sanitary porcelain  
A timeless and minimalistic washbasin in a modern, slim design with easy lines and good surround.

THREE  
DEPTHS

**Canto** / Genuine sanitary porcelain  
Modern design with stringent lines and exclusive look. Also available without tap holes for wall-hung fittings or with two tap holes.

**Fresco** / Glass  
The glass washbasins have a light and thin design with stunningly polished edges as well as a large deep bowl

**Minore** / Solid surface  
The washbasin has a slim, light design and a matt white finish. The deep bowl has rounded corners.

**Sonate** / Solid surface  
Oval, worktop washbasin with thin edges and a touch of romance. Fits Solid Surface tabletops and wall-mounted or worktop basins mixers.

**Marcato** / Solid surface  
Square, worktop washbasin in a light, distinctive design. Fits Solid Surface tabletops.

## GENUINE SANITARY PORCELAIN

Has a strong, robust and easy to clean surface. It will retain its beautiful appearance for years to come. These washbasins combine softly rounded edges and straight lines. Please note that genuine sanitary porcelain has a much stronger surface than ordinary porcelain.

## GLASS

Dansani glass washbasins are easy to clean and resistant to normal cleaning agents. The basins have white lacquer on the underside and are produced in a special crystal clear glass finish with a much clearer appearance than standard glass due to less iron oxides in the glass itself.

## SOLID SURFACE

This ultra-slim Solid Surface material has a matt white finish. Unlike the distinctly slim, sharp lines of the exterior design, the washbasin interior has a characteristically soft, easy-to-clean design. The slim format means the washbasin and worktop must be supported by cabinets under the solid surface tops full width.

## The art of seeing the big picture in the little things

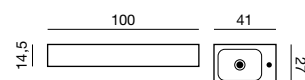

With Dansani Luna we have made this easier for you. Simply choose one of the many superb washbasins and then develop your new bathroom from there. Most of the designs are available in several widths so you can adapt it to your taste and to your bathroom. The reversible Micro Menuet washbasin shown with its depth of only 27 cm will fit perfectly into small or narrow bathrooms and cloakrooms.

The mirror cabinet hides lots of features, practical shaver points, sturdy glass shelves and round magnifying mirrors, which are provided as standard for all mirror cabinets. A magnetic strip that keeps control over smaller items and an ingenious metal shelf that can be placed as required also accompany the mirror cabinets.

## + Furnishing tip /

Fit the wall cabinets at different heights and in this way create small spaces that you can use for accessories as featured here.

## Spice it up!

Mix height and handles on the wall cabinets and give your new bathroom an unconventional look. You can also choose between several different lighting solutions above the mirror so you don't just get the perfect lighting but also the style that you desire. You can choose between a large number of washbasins to suit your requirements and taste. The rounded shape of the mirror matches the stylish Jupiter LED light, which you can choose for both mirrors and mirror cabinets.

Note how the white handles create attractive contrasts and set the style of the bathroom.

See the washbasin guide on page 150 and additional lights on page 155 and 157.

Shelves without visible fittings, full-length mirrors with perfectly harmonized LED lighting. Practical laundry basket with rails hidden in storage cabinets. Cleverly designed drawer with solid wooden trays of different sizes that fit like gloves into the drawers. Every piece of the accessory range has been carefully thought about down to the smallest detail.

**See the wide selection of beautiful accessories on page 96 and in the price list.**

## Wall-to-wall functionality

It is simple to create more space for yourself with Dansani Luna. Combine two drawer modules with a worktop in a contrast colour at the top and at the bottom and you will achieve wall-to-wall functionality. Even if you have sloping walls you can still create more space using a large cabinet, which makes maximum use of the space in width and depth. For a good piece of advice, combine with the stringent Canto washbasin, which is also available without tap holes, so that it fits in with wall-hung units.

**The Canto washbasin is available with or without tap hole. For further information, see our price list.**

## There are no limitations here

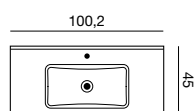

At Dansani we see a lack of space as a challenge. We have overcome this by providing a multitude of possibilities in narrow rooms with limited space. Each solution has its own look and unique qualities, even with sloping ceilings you can achieve sufficient space for a large mirror with our organic Solo mirror. If you prefer a square mirror or a generously spaced mirror cabinet, we can offer a variety of options. See the summary on page 154.

## Light is the new black

The Dansani Luna range allows you to create more than simply a connection between furniture and space. Every aspect of the lighting has been carefully considered, and you can use ceiling spots, wall lamps and pendants that match the lighting in your mirrors or mirror cabinets to create a uniquely coherent interior design. Choose between the Jupiter, Venus and Saturn lighting series as well as a variety of indirect lighting solutions.

If you choose a light-adjustable mirror solution in combination with pendants, ceiling spots and wall lamps, the light uniformity will depend on your light settings.

## Clean lines in layout and design

Long, white handles and asymmetrical washbasins with integrated counter tops give an elegant and streamlined look under gable roofs and sloping walls. The lines continue in the mirror cabinet, which, as with the furniture, conceal yet more well designed storage space. Furnish just as you wish. The asymmetrical Fresco washbasin is also available with left-handed bowl.

Andante

## Now it is easy to find space for your things

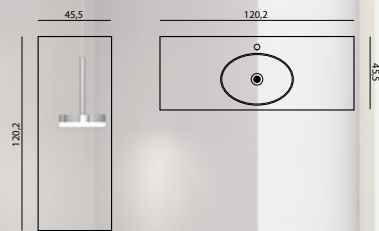

Stylish mirror with rounded corners for which you select the lights yourself. Shown here with the rectangular Stratos light, which gives good light for the mirror and washbasin whilst giving a pleasant upward lighting effect. Providing contrast to the stringent lines of the Canto washbasin. You can also choose to soften the lines up with the more traditional Andante washbasin with its soft shapes and deep bowl. The tall cabinet has a mirror and trays, which can be removed, on the inside of the door. The trays are made from solid, oiled oak and the open shelf is ideal for wicker baskets, which creates a comfortable atmosphere.

## Materials create tranquillity and harmony

Simplicity, tranquillity and elegance characterise this room, where the matt white finish and slim design of the Solid Surface washbasin perfectly compliment the matt grey finish of the push-open drawers. The tall cabinet speaks for itself, resting tranquilly against the wall. A bathroom that declares well-being.

## Light, simple and wafer-thin design

The Minore washstand has a deep, functional bowl with rounded corners, while the slim worktop, only 15 mm thick, gives an elegant, minimalist expression. Minore is available as a single washbasin in a variety of widths, and the bowl size increases with the width of the washstand. It also comes as a double 120 cm wide washbasin if you want to make the most of the space in your bathroom.

## New, light worktop solutions

The thin, lightweight Solid Surface worktop creates a perfect finish for your furniture, whatever cabinet finish you choose.

For your worktop, you can choose one or two of the new worktop washbasins whose sleek, slim Solid Surface design is repeated in the thin edges to create a light, spacious look.

Both the oval Sonate washbasin, reminiscent of a beautiful wash bowl, and the distinctive, square Marcato washbasin are designed in keeping with contemporary trends while also meeting our demand for functionality and sustainability.

## Freedom with worktops

Using flexible worktop solutions will fully exploit any room so instead of limitations you create opportunities. A worktop setup is ideal below sloping ceilings or as a wall to wall solution. Our worktops can be easily cut and adapted to suit any angle or obstacle. At the same time giving you the freedom to choose single or twin basin set ups even asymmetrical placement of your feature basin. Alternatively without a basin you can have full use of the worktop above your storage choice below.

## Utilise the asymmetrical to your advantage

By choosing a worktop that goes completely under the sloping wall you will be making full use of the space. Combine with shelves and a spacious mirror cabinet with LED lights on top with the asymmetrically placed Canto washbasin at the "high" side you will create an airy look with lots of practical storage space. With large, well-arranged drawers you can keep order with all your families toiletries and household items and avoid unnecessary clutter.

## **Your personal space**

With a long worktop and a sit-on washbasin you create variation by breaking up the symmetry in your bathroom. In this way you can utilise the attractive surfaces that wood gives to the room. A long worktop also allows for a beautifully sleek make up space, which can be furnished with a stylish mirror.

## Single or double

Choose between just a single washbasin or two washbasins side by side. The Canto washbasins in genuine sanitary porcelain are available with tap holes for fittings or without for a wall fitting. The well-considered design of the wash-basin provides plenty of surround space so, for example, the soap dispenser can stand close to the fittings, making it easier to protect and maintain the appearance your furniture.

## WASHBASINS

# Not just a basin, but rather the first step towards the bathroom of your dreams

With Dansani Luna you're the artist of your own design. Simply choose one of the 9 superb washbasins and then develop your new bathroom from there. Most of the designs are available in several widths and depths so you can adapt it to your taste and to the design of the bathroom

### GENUINE SANITARY PORCELAIN

Has a strong, robust and easy to clean surface. It will retain its beautiful appearance for years to come. The washbasins combine softly rounded edges and straight lines. Please note that genuine sanitary porcelain has a much stronger surface than ordinary porcelain.

### MARBLE CAST

These washbasins have surfaces that are easy to clean and warm to the touch. The marble cast design allows washbasins with dramatic, long lines. Unlike regular marble, marble cast has no internal stress and therefore retains its shape indefinitely.

### GLASS

Dansani glass washbasins are easy to clean and resistant to normal cleaning agents. The basins have white lacquer on the underside and are produced in a special crystal clear glass finish with a much clearer appearance than standard glass due to less iron oxides in the glass itself.

### SOLID SURFACE

This ultra-slim Solid Surface material has a matt white finish. Unlike the distinctly slim, sharp lines of the exterior design, the washbasin interior has a characteristically soft, easy-to-clean design. The slim format means the washbasin and worktop must be supported by cabinets under the solid surface tops full width.

THREE  
DEPTHS

**Andante** / Genuine sanitary porcelain  
The design is rounded and traditional with a long curved course and a spacious bowl.

**Menuet** / Genuine sanitary porcelain  
Modern classics in a timeless design. Available in several sizes and in particular Micro and Mini are well-suited to smaller bathrooms.

**Kantate** / Genuine sanitary porcelain  
A timeless and minimalistic washbasin in a modern, slim design with easy lines and good surround.

**Canto** / Genuine sanitary porcelain  
Modern design with stringent lines and exclusive look. Also available without tap holes for wall-hung fittings or with two tap holes.

**Fresco** / Glass  
The glass washbasins have a light and thin design with stunningly polished edges as well as a large deep bowl.

**Allegro** / Marble cast  
Modern designs with sharp, straight edges define the bowl and the straight lines of the worktop.

**Minore** / Solid Surface  
The washbasin has a slim, light design and a matt white finish. The deep bowl has rounded corners. Minore is also available without taphole

**Sonate** / Solid Surface  
Oval, worktop washbasin with thin edges and a touch of romance. Fits Solid Surface worktops and is suitable for wall-mounted or pillar basins mixers.

## VANITY UNITS

# Foil wrapped carcasses and fronts give full protection

The materials used in bathrooms have to meet exacting demands. We have further developed our hard-wearing bathroom furniture, creating the Dansani Special Collection with foil-faced cabinets. This gives you bathroom furniture that is fully protected against water and moisture. We have united excellent materials with attractive finishes, with the characteristic wood veining of beautiful cedar grey striking natural notes. You can also choose a classic white look or create dramatic contrasts with black matt, which has an alluring silky-matt finish.

Vanity units come in four widths and can be supplemented with wash-basins in a variety of materials and designs. At no extra charge, you can choose tall vanity units that provides additional storage opportunity and enable you to utilize your space.

## FINISHES

# Danish design with focus on long- lasting quality

The Dansani Special Collection has been designed according to the best traditions of Danish design, which focus on simplicity with stringent lines.

However, the Dansani Special Collection also takes the new, minimalist trend further, adding streamlined integrated handles that beautifully compliment the design without gathering dust and fluff .

The handle design itself is particularly pleasing, and fits naturally in the hand. Without overlooking any detail, this simple, streamlined design is very pleasing to the eye.

Dansani is synonymous with long-lasting quality, and we therefore offer 5 years manufacturers warranty against product defects.

## Elegance and comfort with a solid surface

This ultra-slim Solid Surface material has a matt white finish. Unlike the distinctly slim, sharp lines of the exterior design, the washbasin interior has a characteristically soft, easy-to-clean design. The slim format means the washbasin and worktop must be supported by cabinets under the solid surface tops full width.

## Worktop solutions in velvety-soft materials

The slim, lightweight Solid Surface worktop creates a perfect finish for your furniture, whatever cabinet shade you choose.

For your worktop, you can choose one or two of the new worktop washbasins whose sleek, slim Solid Surface design is repeated in the thin edges to create a light, spacious look.

Both the oval Sonate washbasin, reminiscent of a beautiful wash bowl, and the distinctive, square Marcato washbasin are designed in keeping with contemporary trends while also meeting our demand for functionality and sustainability.

## WASHBASINS

### The washbasin is the focal point of any bathroom

Dansani Special Collection offers you a variety of different washbasins in various widths and depths. This means you can begin your new bathroom with the exact washbasin that suits your taste and continue with the dream.

**Andante** / Genuine sanitary porcelain  
The design is rounded and traditional with a long curved course and a spacious bowl.

**Kantate** / Genuine sanitary porcelain  
A timeless and minimalistic washbasin in a modern, slim design with easy lines and good surround.

**Menuet** / Genuine sanitary porcelain  
Modern classics in a timeless design. Available in several sizes.

**Minore** / Solid surface  
The washbasin has a slim, light design and a matt white finish. The deep bowl has rounded corners.

**Mini Menuet** / Genuine sanitary porcelain  
Mini Menuet with a projection of only 36 cm as well as the matching furniture create room for storage in small bathrooms where space is the most important priority.

**Sonate** / Solid surface  
Oval, worktop washbasin with thin edges and a touch of romance. Fits Solid Surface worktops and wall-mounted or freestanding taps.

**Marcato** / Solid surface  
Square, worktop washbasin in a light, distinctive format. Fits Solid Surface worktops.

#### GENUINE SANITARY PORCELAIN

Has a strong, robust and easy to clean surface. It will retain its beautiful appearance for years to come. The washbasins combine softly rounded edges and straight lines. Please note that genuine sanitary porcelain has a much stronger surface than ordinary porcelain.

#### SOLID SURFACE

This ultra-slim Solid Surface material has a matt white finish. Unlike the distinctly slim, sharp lines of the exterior design, the washbasin interior has a characteristically soft, easy-to-clean design. ## MIRROR SOLUTIONS

# Mirrors and mirror cabinets with exciting light effects

The Dansani Special Collection offers you a choice between an energy-efficient mirror and a mirror cabinet with integrated LED lighting panels at the top and bottom. Both solutions provide good illumination with a beautiful uplight effect and good working light over the washbasin.

The mirror and mirror cabinet both have adjustable light from a built-in touch switch with an on & off function, dimming and adjustable light temperature from warm golden to cool white.

The circular mirror with integrated light disperses soft light onto the wall, creating a lovely corona effect like the halo around the moon during a solar eclipse.

## SOLID SURFACE WASHBASINS AND TABLETOPS

Solid Surface washbasins and tabletops are made from a robust composite material with a waterproof surface that is easy to clean. Separate cabinets with an extra reinforcement made of strong lacquered steel profile must be selected for Solid Surface washbasins and tabletops to support the slim design.

Please note: The slim washbasin design means the washbasin and tabletop must be supported by cabinets under the unit's full breadth.

## PORCELAIN WASHBASINS

Dansani porcelain washbasins are manufactured from genuine sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard, smooth and glossy surface which is easy to clean.

## MARBLE CAST WASHBASINS

The marble washbasins are made from mineral powder, polyester and binding agents. The washbasins are cast in solid moulds and surface treated with clear gelcoat. For cleaning, we recommend Dansani Clean & Shine.

## GLASS WASHBASIN

Dansani glass washbasins are easy to clean and resistant to normal cleaning agents. The basins have white lacquer on the underside and are produced in a special crystal clear glass finish with a much clearer appearance than standard glass due to less iron oxides in the glass itself.

## NOTE RE. THE CANTO, MARCATO, SONATE AND FRESCO WASHBASINS

These basins come without overflow. Unless a concealed overflow system is purchased (suitable for Canto, Fresco and Marcato only) we recommend that a free flowing waste should be installed.

## CABINETS/VANITY UNITS

Dansani ZARO:

16 mm over-veneered MDF board with wooden edges, lacquered with moisture-resistant, two-component lacquer that gives a robust and easy-to-clean surface. Black, grey and white are lacquered with moisture-resistant two-component polyurethane lacquer.

Dansani LUNA:

16 mm plain, melamine-coated particle board with ABS edges.

Dansani Special Collection:

16 mm MDF coated with foil.

The cabinets of all series are delivered together with rear panels and adjustment brackets for wall mounting. The cabinets are delivered as standard with aluminium finished bases and rear panels. Tall units, wall units and base units are also delivered as standard with 5 mm glass shelves with polished edges.

Optional extras such as push-open in selected cabinets and built-in LED light inside the cabinets, laundry bags and wooden trays. For

more information on optional extras, please see the price list.

## DOORS AND FRONTS

Dansani ZARO:

22 mm over-veneered MDF board with solid wooden edges, lacquered with moisture-resistant, two-component lacquer. Black, grey and white are lacquered with moisture-resistant, two-component polyurethane lacquer and all fronts are delivered with integrated handles.

Dansani LUNA:

18 mm MDF wood fibre boards coated with foil.

With frame: 16 + 3 mm MDF wood fibreboard coated with film.

Dansani Special Collection:

22 mm MDF coated with foil.

All fronts are delivered with integrated handles.

All doors are fitted with metal clip hinges that can be adjusted in 3 directions.

The doors are fitted with exclusive dampers that ensure that the doors close softly and silently.

## DRAWERS

The drawers have metal sides with concealed drawer runners. They are fully extendable, self-closing and have a soft-close function. The top drawer features a cut-out for waste fittings. The drawers are fully adjustable. Optional extras such as LED light profiles between washbasin and cabinet, LED lighting in drawers, rubber mats in drawers (standard in Zaro), wooden trays, handles and push-open kit (for Luna vanity units). For more information on optional extras, please see the price list.

## MIRRORS WITH DIFFERENT LIGHT SOURCES

The mirrors are available with integrated LED lighting, as for framed mirrors or with different external lights. All mirrors are delivered together with wall fittings. Optional heat panels to reduce mist on the mirror can be purchased for selected models. For further information about electrical specifications, optional extras and IP approvals see the price list and from page 74 (dansani Zaro), page 154 (Dansani Luna) and page 202 (Dansani Special Collection).

## MIRROR CABINETS

All mirror cabinets come as standard with integrated shaver point and double-sided mirror doors with adjustable hinges and dampers that ensure that the doors close softly and silently. Tops, bases and rear panels are in alu look finish. Optional extras such as placing the shaver point on the left side, built-in energy-saving LED side lighting and LED underlights can be purchased for selected models. For further information about electrical specifications, optional extras and IP approvals see the price list and from page 74 (Dansani Zaro), and 154 (Luna) and page 202 (Dansani Special Collection).

Mirrors and mirror cabinets with adjustable light come with the 12 V lighting system that offers you the following options:

1. Light control that remembers the last settings.
  - On-off function
  - Variable dimming with 4 pre-sets
  - Variable colour temperature control of your light (2100 – 6500 K)\* with 4 pre-sets
2. Excellent colour rendering (Ra 90+)

\*) 2100K is a very warm, almost reddish light and 6500K is far colder, almost bluish.

#### CEILING LIGHT

Our ceiling lights come with the 350 mA lighting system, offering you the following advantages:

1. Optimised quality and efficiency with high light output, low heat generation and long lifetime.
2. Standardised light between room and product light sources creates uniform, harmonious lighting in the room (3150 K).
3. Best colour rendering in the market (Ra 95+)

#### ROOM LIGHTING

Our Venus and Jupiter ceiling lights, the Jupiter pendant and the Saturn wall lamp are all part of the standard 350mA system with 3150K, but can also be dimmed (except Saturn) by a dimmer switch. They can also be combined with controllable-lighting products, but the light uniformity depends on the user's settings.

#### WICKERWORK BASKETS

Natural wickerwork around powder painted steel rack.

#### TRAYS

Functional storage trays for drawers, which can also be moved elsewhere as required. The trays are made of solid oak. To maintain the wood we recommend our white pigmentation wood care-oil. Shown in the pricelist section.

#### HANDLES

The Luna series comes without handles, which can be ordered as optional extras from our wide range of handles each with their own design, colour and design expression. Furniture in the Dansani Zaro and Special Collection series comes with integrated handles.

#### FITTING INSTRUCTIONS

Are included with all orders.

#### WARRANTY

There is a 5 year warranty against manufacturing defects.

For further information regarding quality and tolerances please visit [www.dansani.co.uk](http://www.dansani.co.uk).

## Practical information /

#### BEFORE YOU ORDER

The Dansani Zaro and Luna ranges are produced to order. Therefore we have a lead time of 2 weeks.

- Always indicate carcass colour.
- Remember accessories e.g. towel rails, trays for drawers, handles and wickerwork baskets.

#### BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing to fit the furniture. All plumbing work should be done by a competent plumber. Please note that the dimensions of the washbasins are subject to variation within the margins indicated. Fitting of the product signifies acceptance of the quality.

#### MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture. Cleaning materials containing abrasives and strong acids should not be used. Please make sure that wash basin and furniture are dried after use. This will make the cleaning easier and avoids your furniture being damaged by moisture.

#### GENERAL

Dansani reserve the right to make any alteration to the products and make product improvements without prior notice. Dansani cannot be held liable for errors due to misprints. Dansani have an ongoing policy of design, development and improvement, we therefore reserve the right to modify specification and prices without prior notice. Special orders and furniture that has been fitted cannot be returned.

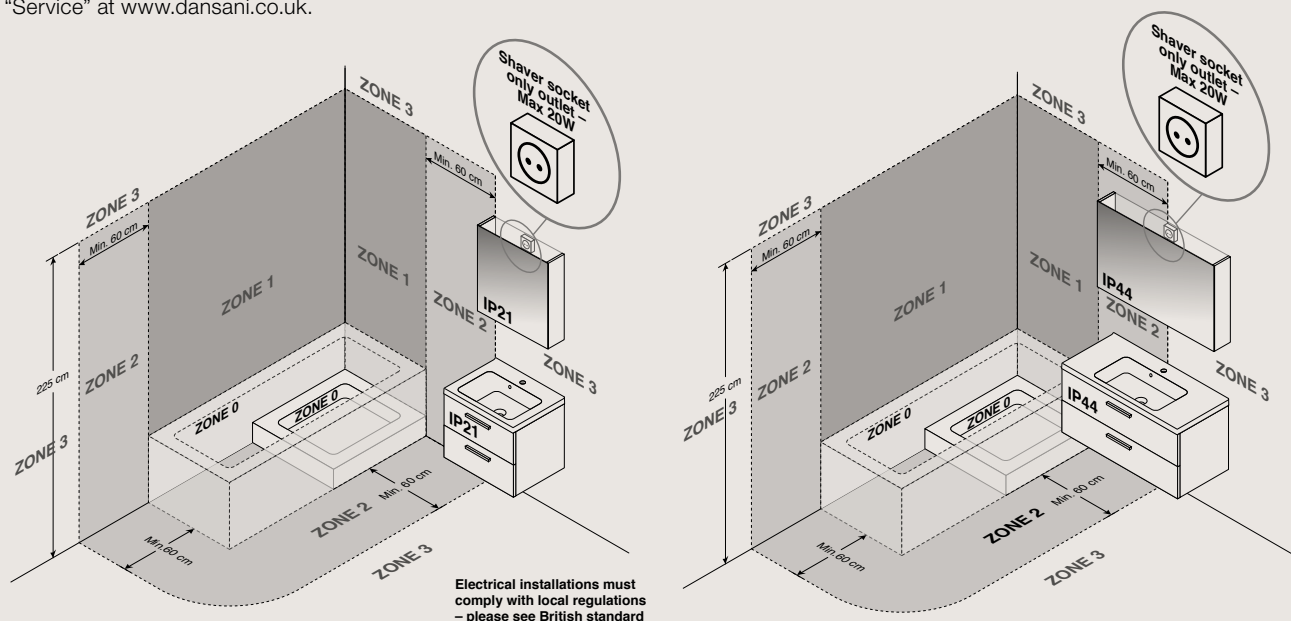

Please visit [www.dansani.co.uk](http://www.dansani.co.uk) for further information.

## Dansani a safe choice / your guarantee

Special requirements apply to electrical installations in your bathroom, as water may conduct electricity and cause electrical shocks. Depending on where in the bathroom you want your lighting or furniture with electrical components (shaver point or light), there are special requirements to the IP classification of the product. The IP code is an international standard that indicates the degree of protection provided against water and other foreign bodies. The first digit indicates the degree of protection against dust while the second digit indicates the degree of protection against ingress of water.

At Dansani your safety is our priority. All the electrical parts in our furniture have therefore been pre-fitted to guarantee safe installation. At the same time, we wish to give you an opportunity to maximise the use of the space in your bathroom. Consequently, we have a wide range of IP44-approved products so you can place your furniture as close as possible to water whilst retaining all the storage space you need.

The following illustrations show how furniture with electrical components can be placed in bathrooms with a bath tub or shower. Naturally, a sufficient shower screen should always be used to prevent moisture damage to your furniture. For more information, see "Service" at [www.dansani.co.uk](http://www.dansani.co.uk).

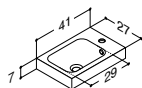

- Zone 0:** The wettest part of the bathroom, i.e. the inside of the bath tub or the base of the shower, if applicable. There are strict requirements to electrical installations in this area. Always ask an authorised electrician.
- Zone 1:** From the outside of the bath tub or shower base to 2.25 m vertically above floor level. No mirrors or furniture with electrical components may be installed in this area.
- Zone 2:** A limited area covering a radius of 60 cm from the outside of the bath tub or shower base and areas more than 2.25 m above floor level. A minimum of IP44 classification is required in this area, and no 230V power points are permitted. Dansani has a range of IP44 mirrors that can be placed throughout zone 2, while IP44-approved mirror cabinets and washstands with shaver points can be placed in both zones provided the actual shaver point is placed in zone 3.
- Zone 3:** The rest of the room. This zone requires IP20 as a minimum, and 230V power points are permitted.

Our price lists show the IP classification of individual mirrors and mirror cabinets (IP21 or IP44). All our furniture with electrical components is also CE-certified with indication of classification. We recommend that you have the installation carried out by an authorised electrician in compliance with current legislation.

# Our philosophy

Your bathroom is your personal breathing space, and no one can create it better than yourself. With Dansani, it is easy and inspiring to furnish your bathroom with functional and well thought-out solutions that adapt to the needs of the individual.

## Danish design

The idea behind Danish design embraces functionality, simplicity, and naturalness, and is expressed in a timeless design. This is the starting point for every product embraced by the Dansani brand.

## Functionality

Our products should be easy and comfortable to use, as well as being able to adapt to the size of the space through smart functions that are both practical and durable.

## Craftsmanship

Both design and function must be supported by durable craftsmanship. The excellent cabinetry finish is consistent in all our products, evidenced by gorgeous materials and sustainable solutions.

## Sustainability

At Dansani, being environmentally responsible is a given. Therefore, we have implemented several measures to reduce our environmental impact. But we also focus on our own work environment, and that our suppliers offer ethically responsible working conditions.
