

MIDO⁺

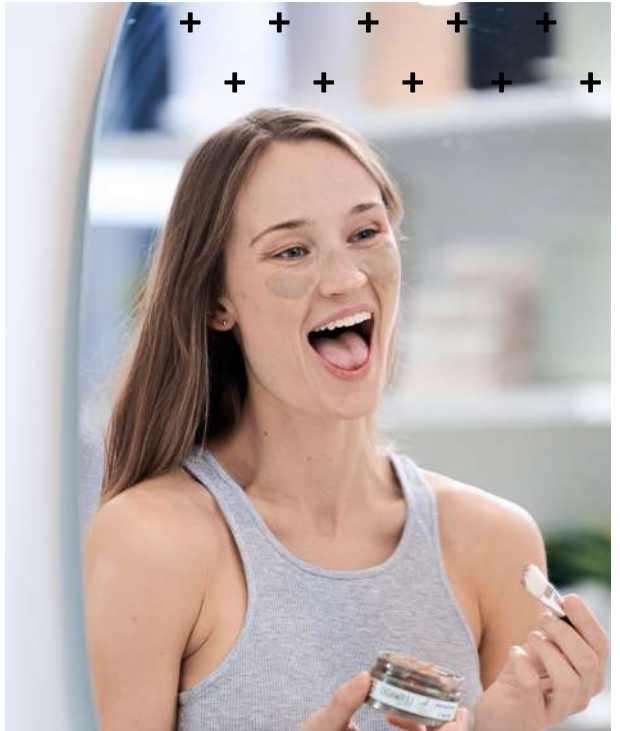

2023 // QUALITY IN THE BATHROOM

THE EASY CHOICE WHEN

less is more

DANSANI
DANISH BATHROOM DESIGN

CLEAN & EASY ON THE EYES

DANSANI MIDO+

Mido+ is clean, simple design for any size bathroom, at a fair price.
You get excellent value for money and well thought-out Danish design, made in Denmark.

Simple, up-to-date designs and surfaces that encourage your bathroom regime and can withstand mascara splodges or breezy bubbles day after day.

The drawer runners will withstand overzealous teenagers or curious toddlers with lots of functionality to brighten up your daily routine.

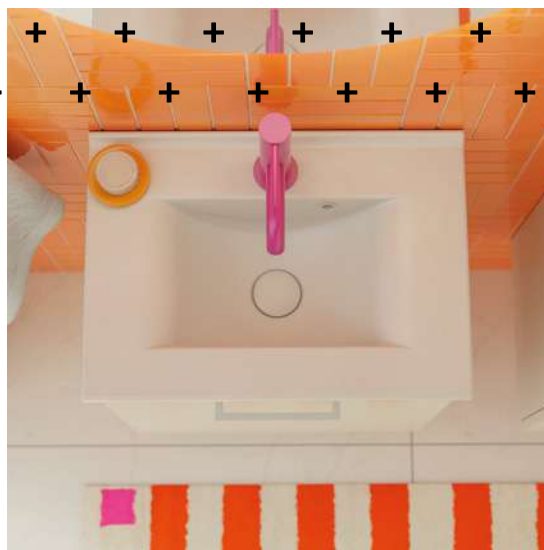

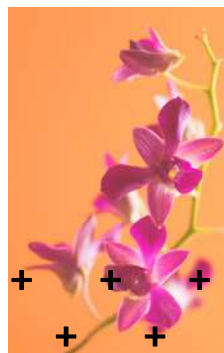

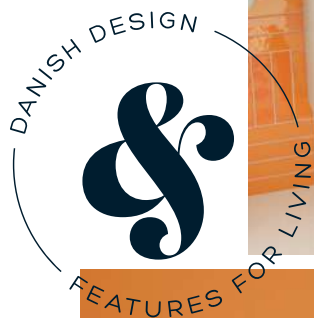

04 **INSPIRATION**
Making ideal use of space

06 **PRODUCT GUIDE**
Put together your own individual bathroom

30 **PRICE LIST**
There is a price for everything

37 **PRODUCT INFORMATION**
Installation measurements, etc.

39 **WE TAKE RESPONSIBILITY**
Sustainability is one of our top priorities

FURNISHING IDEA:

Keep the bathroom furniture in neutral shades and luxuriate your design with colours on the walls. It is easier and more economical to change the colour on painted walls if you feel like changing the mood.

A TIP FOR SUSTAINABILITY

Matt white is a PVC-free foil-covered MDF board where 40 % of the foil materials are recycled. The other colours are melamine-surfaced chipboard, with the board consisting of 2/3 recycled wood. Read more about materials and sustainability on page 13.

DOORS OR DRAWERS

IN A SIZE THAT FITS

With Mido+ you can choose between vanity units with doors or drawers.
Our drawer solution is available in two different depths.

DOORS

Mido+ is about value for money & vanity units with doors help you achieve this. There is plenty of shelf space, and the doors, have practical soft-close fittings. The quality is the same whether you choose doors or drawers – and we offer a 10-year warranty, so you can count on it lasting for many years.

Mido+ with doors is 35 cm deep, with three different widths: 50, 60 & 80 cm.

THE GREAT THING ABOUT DRAWERS

You can see everything all at once, because they fully extend when open. This is practical for locating your items, and everything can have its own place in the smart, practical wooden trays. Again the drawers are soft-closing, of course.

There are vanity units with drawers in depths of either 35 or 44 cm, and as many as 5 different widths: 50, 60, 80, 100 & 120 cm.

50 CM
Doors - depth 35 cm
Drawers - depth 35 & 44 cm

60 CM
Doors - depth 35 cm
Drawers - depth 35 & 44 cm

80 CM
Doors - depth 35 cm
Drawers - depth 35 & 44 cm

100 CM
Drawers - depth 44 cm

120 CM
Drawers - depth 44 cm

CHOOSE BETWEEN

TWO DEPTHS

Is your bathroom narrow? Then choose a vanity unit that is just 35 cm deep, but as wide as you have space for. The classic and practical Lotto porcelain basin is a superb choice in short projection.

Depth: 35 cm

Depth: 44 cm

TIP:

A porcelain basin stays beautifully shiny, and is the easiest type of basin to clean. See an overview of Mido+ porcelain basins on p. 14.

80 cm - Grey matt

COLOURS

HOW DO YOU WANT IT TO FEEL?

Clean and simple, with smooth, white fronts, or perhaps a darker, more striking style in black structure? There is also the new warm oak, which will give you the feeling every day of being in harmony with nature. Choose your colour and finish according to the feeling you're going for in your bathroom.

SET THE STYLE WITH HANDLES

Settle for the completely classic Base handles in chrome – supplied as standard with all cabinets and drawers. Or do something a little more special, perhaps adding a feminine knob style handle in white or brass. You can also choose the stylish and sustainable new Button, in black recycled plastic. See an overview of Mido+ prices and sizes on p. 36.

A TIP ABOUT SUSTAINABILITY

An obviously sustainable choice would be black Button handles in recycled plastic. The majority of our other handles are made of zinc and aluminium alloys called zamak. They are hard-wearing materials, and can be re-used indefinitely. So in spite of the fact that extracting and producing them has an impact, they are considered sustainable.

SINGLE OR DOUBLE

BASINS

A superb deep basin, a soft-form single basin, or what about a double basin when there are often two people in the bathroom? We can offer lots of basin choices. Characteristically tall, or minimalist and thin? Choose the basin to match your style. See an overview here.

NO FIGHTING FOR SPACE

A double basin is brilliant when there are several children, all needing to brush their teeth or wash their hands or when a couple of adults in a hurry need to get ready at the same time. It makes for less stress during morning and evening routines and every day is a little more pleasant.

SANITARY PORCELAIN / SOFT, ROUNDED EDGES AND AN EXTRA HARD-WEARING SURFACE

Sanitary porcelain is a strong ceramic material, designed with soft, rounded edges, on both the basin and the worktop. The surface is smooth and hard, while the rounded edges make it easy to clean. Basins in sanitary porcelain only require a minimum of maintenance – even after many years of use.

HERE YOU GET

LOTS OF STORAGE SPACE

The practical wall cabinets are decorative in themselves, and there is space with an excellent overview for all your personal belongings.

See more details about wall cabinets and tall cabinets on the next page.

Amber is clever basin design with an elegant, thin worktop and deep bowl. All Mido+ basins are made in sanitary porcelain, which is strong, hard wearing, and extremely easy to clean.

NEW – THE PERFECT DRAWER ARRANGEMENT

They look so smart, and are extremely practical. The drawer accessory pack in oak makes it easy to keep track of all those smaller items we use in the bathroom.

EXTRA STORAGE SPACE

TALL CABINETS & WALL CABINETS

Avoid clutter in the bathroom with plenty of practical storage space with everything in its right place. Then the bathroom is a daily pleasure for everyone. Towels, underwear, the laundry basket – a tall cabinet is an ideal place to store it all, and if you choose the 40 cm wide cabinet, there are three easily accessible shelves on the door, so you can always keep track of bottles and containers. The tall cabinet is supplied with 4 glass shelves and one wooden shelf.

NEW

Lighting in the drawer creates an ambience and gives a better overview. The light is supplied with a USB cable for recharging.

MIRRORS AND MIRROR CABINETS

SEE WELL & LOOK GOOD

See yourself in the most natural light when putting on your mascara, or doing your hair. This will avoid nasty shocks when you step out into the daylight. We have met this challenge with a range of mirrors and mirror cabinets with high quality lighting. Here is an overview, and note that all models are available in sizes to match the width of your furniture.

MIRRORS

THE IDEAL FRAME

Smile – we have the perfect mirror and the right natural lighting for doing your makeup and hair, so you leave the house looking the way you planned to. And it's a bonus that the mirror and lighting are available in attractive designs, so besides helping you to look good, they make your bathroom look good too.

With built-in lighting at the top and bottom of the mirror or all the way round, you avoid shadows disrupting your view.

A TIP ABOUT SUSTAINABILITY

Dansani mirrors and mirror cabinets are not just on-trend, functional and smart – they are also of extremely high quality. Plus they are long lasting and therefore more sustainable.

A TIP ABOUT EVERYDAY JOY

If you are tired of your mirror steaming up when you have a bath, make your life easier by choosing a mirror with an anti-mist pad.

60 cm - Black structure

Cappella basin 265.- Art. no. 535906003 / Vanity unit 431.- Art. no. P02-1029 / Button handle 12.- ea. Art. no. 189553044 / Repeat mirror 328.- Art. no. 91361

Optional extras: Tall cabinet 663.- Art. no. P20-1229 / Button handle 12.- Art. no. 189553044 / Laundry basket incl glide-rail 53.- Art. no. 190304212

MIRROR CABINETS

DOUBLE UP WITH A MIRROR CABINET

All the advantages of a mirror, with smart storage space for your favourite perfumes and creams, the household pharmacy, and, not least, your electric toothbrush and shaver. It is a great way to avoid clutter around the basin. Plus with a mirror on the inside of the doors you can see yourself from all angles.

Of course, our mirrors and mirror cabinets come in a range of sizes to match your furniture.

«

You can position the round magnifying mirror precisely where it suits you in the mirror cabinet. Be careful, however, not to obstruct the shelves.

»

All Mido+ mirror cabinets have built-in sockets for your electrical accessories, and a switch to control the light.

«

Libra & Vela lights have been specially developed for Select mirrors and mirror cabinets, and are available in sizes to complement the width of the mirror. So you are sure of uniform lighting all over the surface of the mirror, and don't need to move around into the light. Libra is available both in classic chrome, as shown here, and in black see p. 35.

PRODUCT INFORMATION

PORCELAIN BASINS

Dansani porcelain basins are manufactured from sanitary porcelain, a strong, glazed ceramic material. When fired at approx. 1220°C, the glaze melts to form a hard and smooth surface which is easy to clean.

CABINET CARCASS

16 mm plain melamine coated particle board with ABS-edging. The furniture is supplied fully assembled with brackets for installation. White back panels in all white tall units and aluminium finish back panels are supplied in other decors. 4 mm glass shelves with polished edges are delivered as standard in all tall units. The tall unit also comes with one wooden shelf. Vanity units with shelf and base in aluminium finish.

DOORS AND FRONTS

18mm foil wrapped MDF fronts for cabinets in matt white and white gloss have R-PET (Recycled Polyethylene) foil, made from 40% recycled plastic, while other finishes are supplied with fronts in 19mm melamine coated particle boards with ABS edges. All doors are mounted with metal clip-hinges, which are adjustable in 3 directions. The doors are supplied with soft closers to ensure doors close gently and silently.

DRAWERS

The soft closing drawers have metal sides and when open they are fully accessible. They close gently due to the exclusive soft closing mechanisms. The drawers are fully adjustable.

MIRRORS

All mirrors have energy-saving LED lighting and are IP44 approved. Supplied with wall fittings. Mirrors have an optional anti-mist pad to reduce mist build up.

MIRROR CABINETS

All mirror cabinets are supplied with integrated socket, double-sided soft closing mirror doors and glass shelves as standard. Gables in 16 mm melamine coated particle board, top and base in aluminium finish. The mirror cabinets have energy-saving LED lighting and are IP44 approved. Energy rating labels and product data sheets can be downloaded from the product database at www.dansani.ie or a hard copy can be requested.

HANDLES

We supply a chrome handle with all units as standard. This is included in the prices shown.

NORDIC SWAN ECOLABELLED BUILDINGS

Mido+ is listed in the database for building products that can be used in Nordic Swan Ecolabelled buildings.

FITTING INSTRUCTIONS

Are included with every delivery.

WARRANTY

There is a 10 year warranty against manufacturing defects. Consumables and normal wear and tear is not covered.

For further information regarding warranty, quality and tolerances please visit www.dansani.co.uk.

PRACTICAL INFORMATION

BEFORE YOU FIT THE FURNITURE

Please read the fitting instructions carefully before commencing installation. All plumbing work should be done by a competent plumber. Please note that the dimensions of the porcelain basins are subject to variation within the tolerances indicated.

MAINTENANCE

Please always read the folder (enclosed with the furniture on delivery) which contains advice and instructions on the maintenance of your furniture. Always read the instructions and declaration of contents of any cleaning agents before you use them on your new furniture. Cleaning materials containing abrasives and strong acids should not be used. Please make sure that the basin and furniture are dry after use. This will make cleaning easier and prevents your furniture being damaged by moisture.

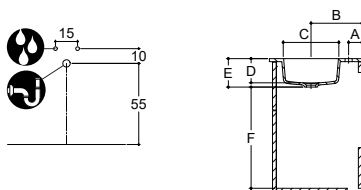

GENERAL

Dansani reserve the right to make any alterations to the products and make product improvements. Dansani cannot be held liable for errors due to misprints. Special orders and furniture that has been fitted cannot be returned.

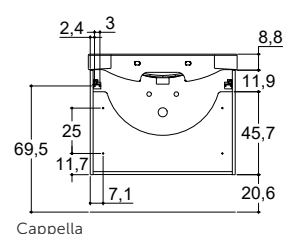

Please visit www.dansani.co.uk for further information.

INSTALLATION GUIDE

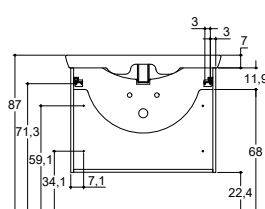

For more information on installation and first-fix measurements check our website under each product at www.dansani.co.uk.

WE TAKE RESPONSIBILITY

SUSTAINABILITY IN EVERY WAY

Dansani takes responsibility and takes good care of our surroundings. We are energy- and consumption-conscious and have always been so - it is part of our DNA. We have dedicated resources when it comes to sustainability initiatives, and we work very closely with our suppliers and are in control of all components that make up our furniture.

Our basis is the 17 UN sustainable development goals.
That means that we generally:

- Develop our products so that their environmental impact in terms of manufacture, usage and, not least, disposal is minimised.
- Use raw material, water and energy efficiently to reduce the environmental impact.
- Maintain high safety standards for our employees and promote responsible approaches to the environment.

MORE SPECIFICALLY

So what specifically do we do to enable you to make the most sustainable choices? We generally exclusively focus on solutions that also meet our high quality standards - because long durability is an extremely important element in a sustainable product. We therefore have 10-year warranties on all furniture. Obviously, it is also possible to repair or swap out individual components which may further extend the life of the furniture. It may be an electronic driver for lights in the drawer, or a drawer runner may have been damaged.

But obviously, there are also other elements in play. Let's take a look at the various materials so that you can make an informed decision.

MATERIALS FOR CABINETS, DOORS AND FRONTS

Mido+ bathroom furniture consists of melamine-covered chipboard. If you choose the white matt decor, the front of the furniture is a foil-covered MDF board.

The melamine-covered chipboard is truly sustainable as the board consists of 2/3 recycled wood. The chipboard that is not recycled for the production of new chipboard is incinerated and generates energy for production, so nothing goes to waste.

As already mentioned, the white matt front is a PVC-free, foil-covered MDF board where 40% of the foil is recycled material, so the environment is obviously an important factor.

All new wood that is part of the board production is from sustainable forestry, and a total of 93% of all wood material in our furniture is now certified with full traceability. Obviously, our goal is 100%.

BASINS

Mido+ basins are all made of sanitary porcelain which is durable and has a long life. It can be used e.g. in granulated form for road fill or in other processes eliminating the risk of discharging hazardous substances. It can also be recycled to make new basins if a return programme exists.

LIGHTING AND MIRRORS

All light sources are energy-efficient LED lighting with a life of 20 years with 4 hours of daily use. And when the light has served its purpose, it is easy to dismantle and dispose of in an environmentally friendly and correct way. All mirrors are of high quality and therefore have a long life.

APPROVED FOR NORDIC SWAN ECOLABEL BUILDINGS

The sustainability credentials of the Mido+ range means that it has been approved for Nordic Swan Ecolabel buildings.

IF SOMETHING IS WORTH DOING, IT'S WORTH DOING WELL

At Dansani this is our motto. Since our foundation in 1983 it has always been that way and that's how it will continue in the future. We are bathroom enthusiasts through and through and we want to make the bathroom the best room in the house. Therefore our mission is simple - to develop and produce beautiful and well thought out bathroom concepts that create joy in everyday life.

DANISH DESIGN

Danish design is about putting people at the core of the process – Danish design makes everyday life easier, and it's beautiful and simple to look at. For Dansani, it is the embodiment of our designs. It must be good on the eye, it must work effortlessly and it should feel like coming home.

40 YEARS OF QUALITY CRAFTSMANSHIP

Our craftsmanship is managed in our production facilities in Denmark. We have skilled people with respect for the materials they use and with many years of experience. They engage fully with the products and continuously optimise the processes involved while delivering high quality work every single day is part of their DNA. They do it exactly so that we are absolutely sure of the quality of what we put our logo on.

ENVIRONMENT & SUSTAINABILITY

We have always categorised all waste and been energy conscious at Dansani, and when it comes to our furniture, we make demands on ourselves and on our suppliers. Wood components must be traceable and we keep a keen eye on the proportion of recycled material and not least the energy used the production of our products. We are honest about the materials we work with and we want to pass on as much information as possible to you as a customer. Read more on our website.
